

Fire Stick Installation (My OTV App)

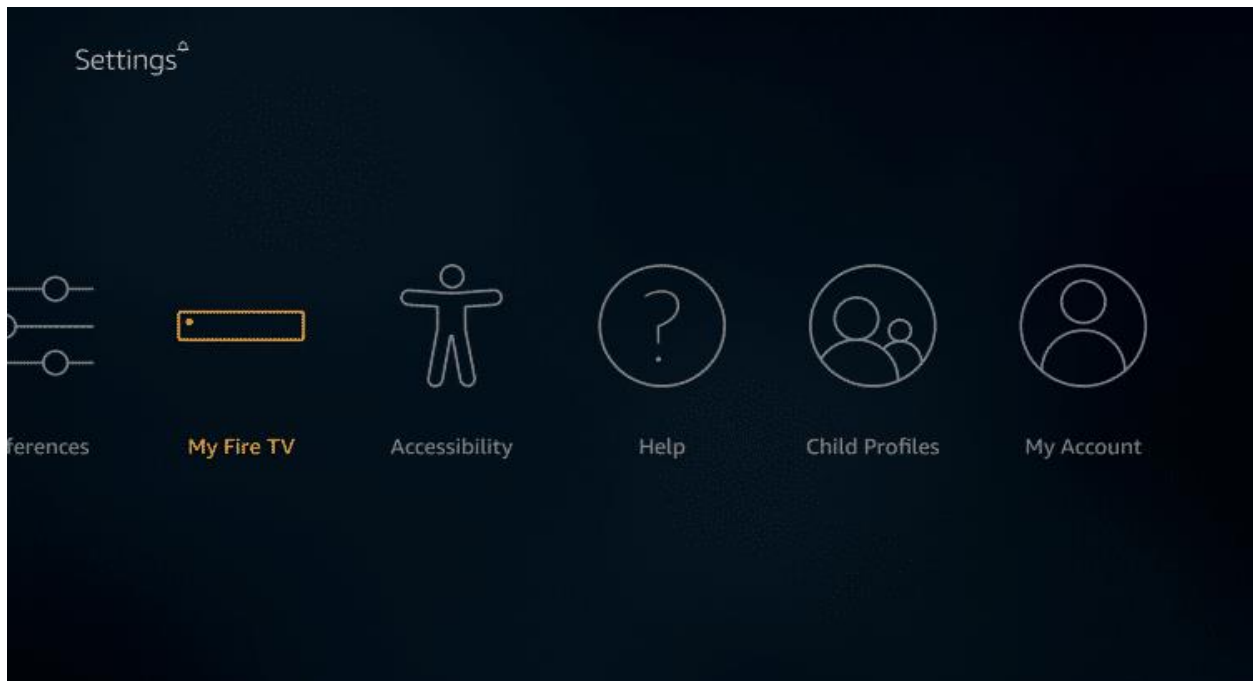

You will need to install the My OTV app on your Android device to use our service. In this article, we show you how to install the My OTV app on a Fire Stick. This part is easy. Just make sure to follow each step carefully. **Please note, some of the screens on your device may be different from those displayed below, but the process is the same.**

STEP 1: Enable ADB Debugging and Unknown Sources

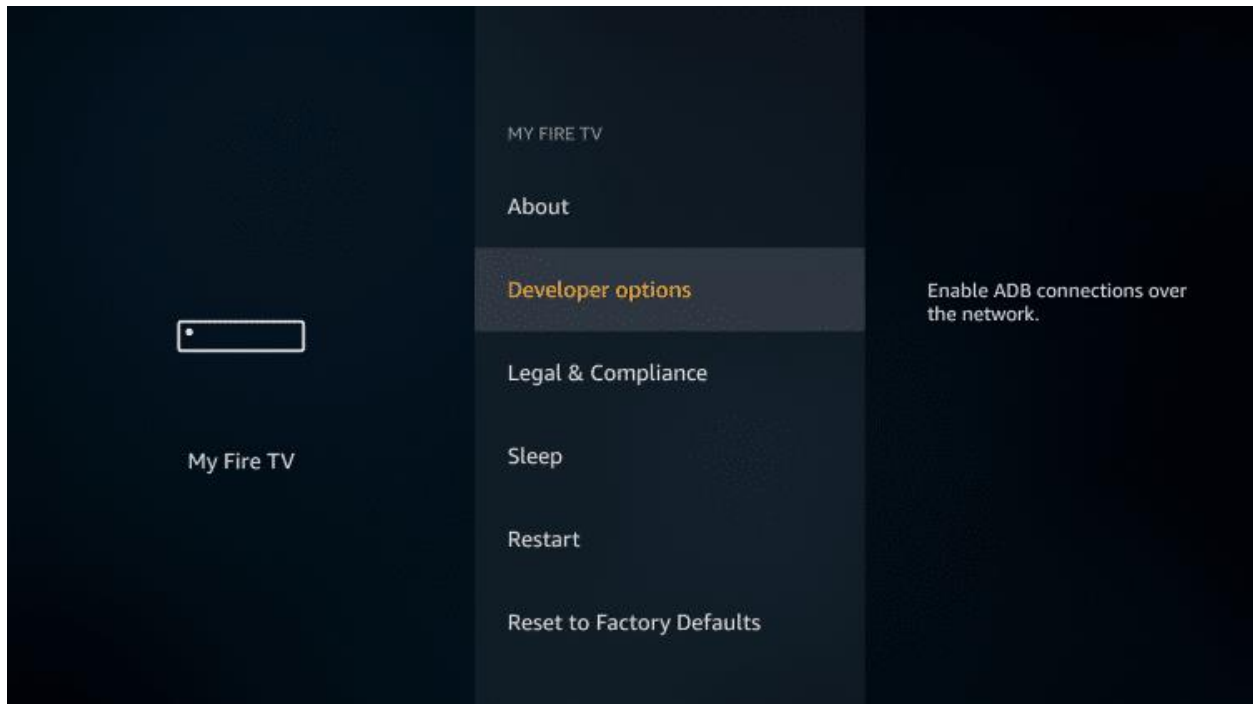

1. Navigate to and open Settings from the top menu (gear wheel).

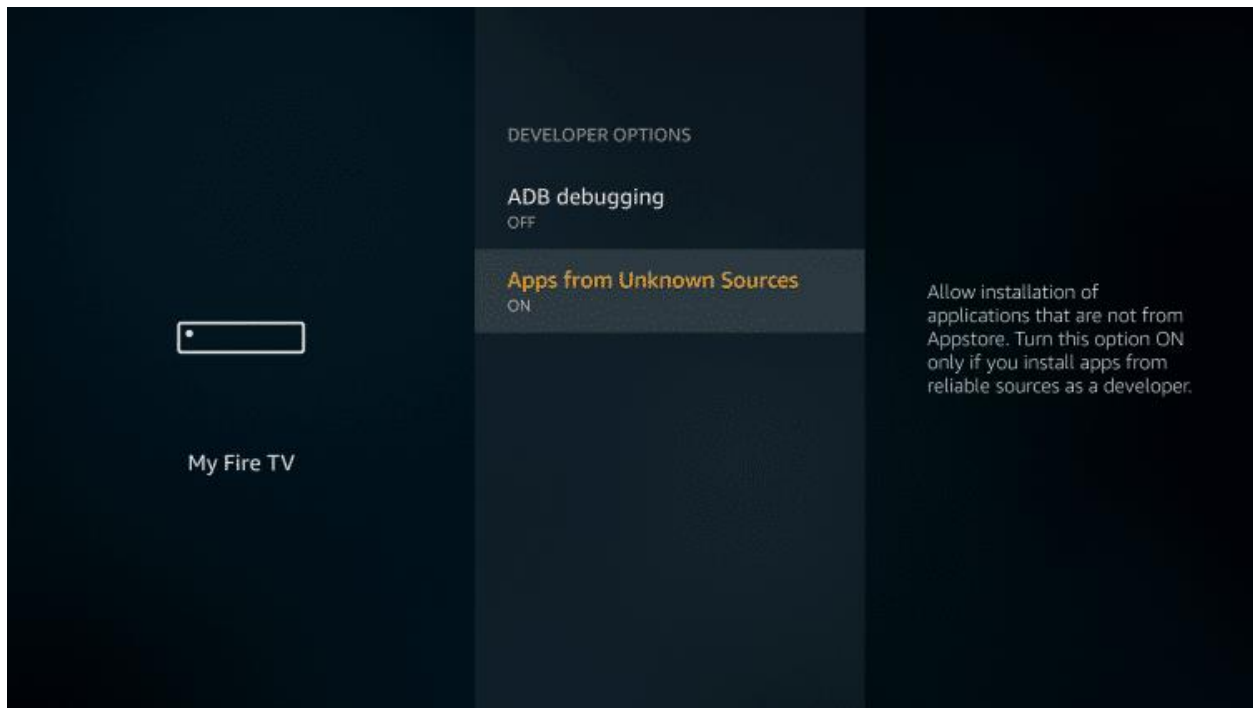

2. Scroll to the right (or down) and choose My Fire TV.

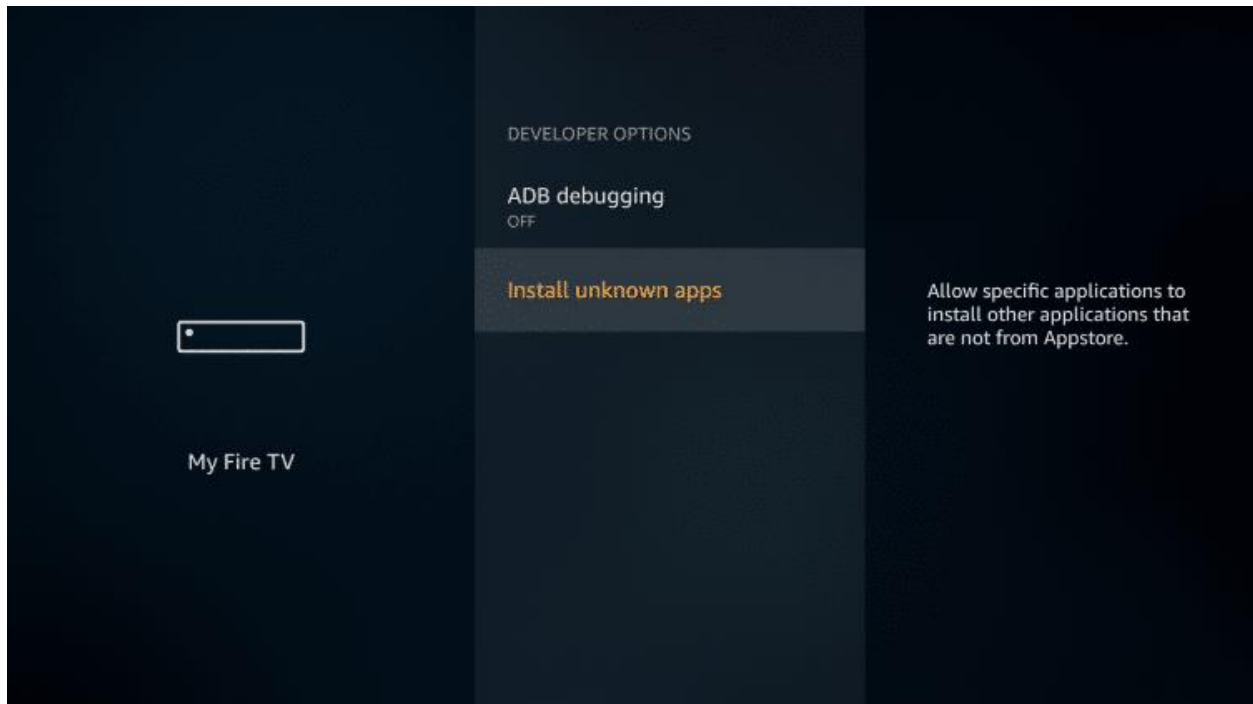

3. Select Developer Options.

4. Turn on/Enable ADB debugging and Apps from Unknown Sources.

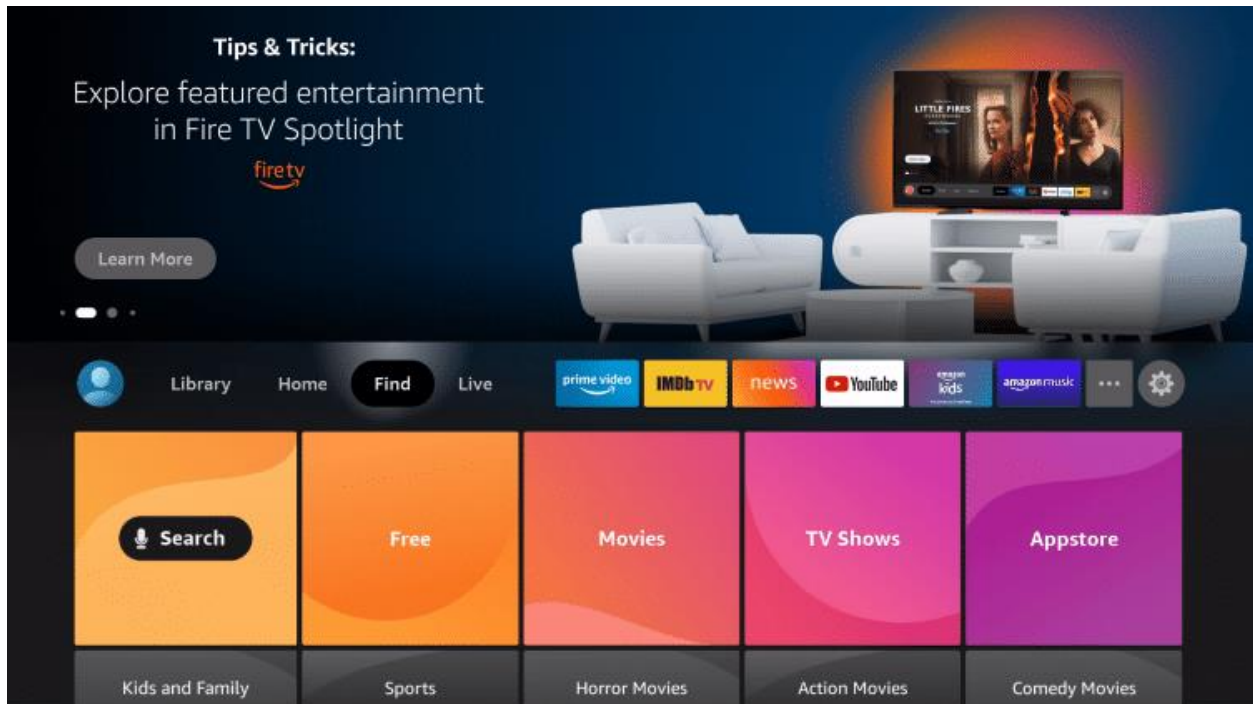

Important Note: For those using the Firestick Lite, 3rd Gen Fire TV Stick, or 2nd Gen Fire TV Cube, click Install Unknown Apps.

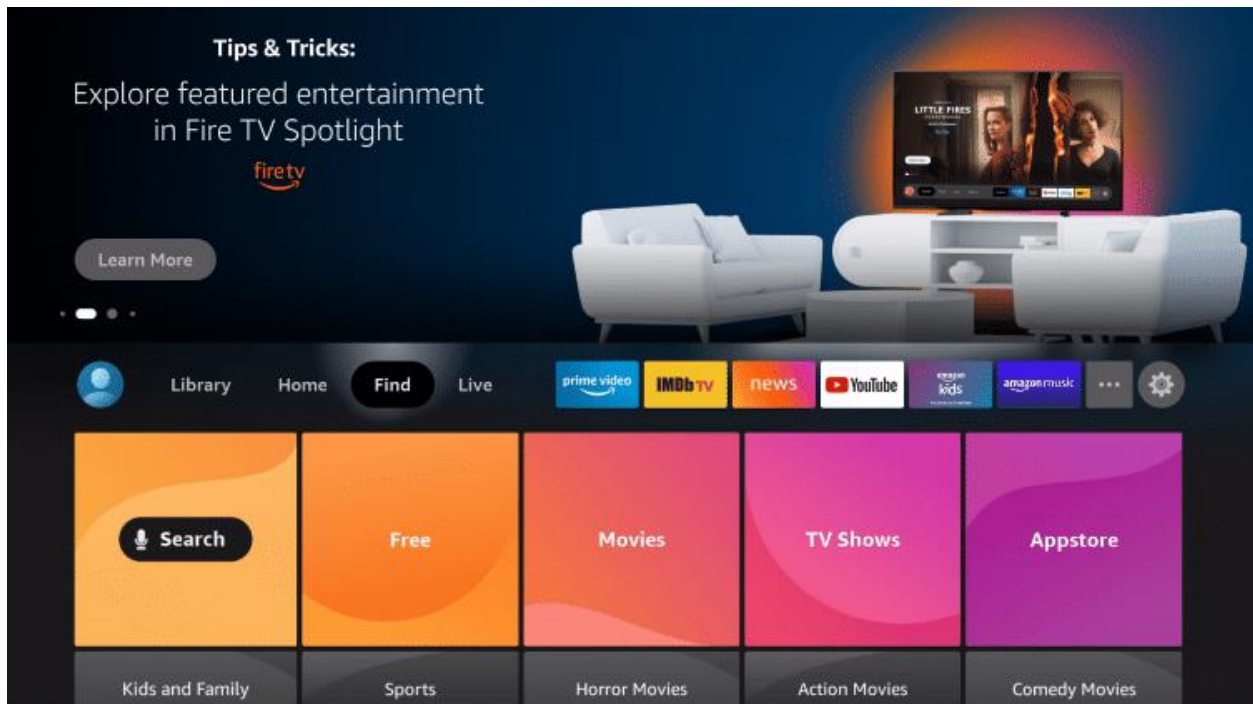

5. Once this step is complete, press the "Home" key to go back to the main menu.

Step 2: Install the Downloader Application

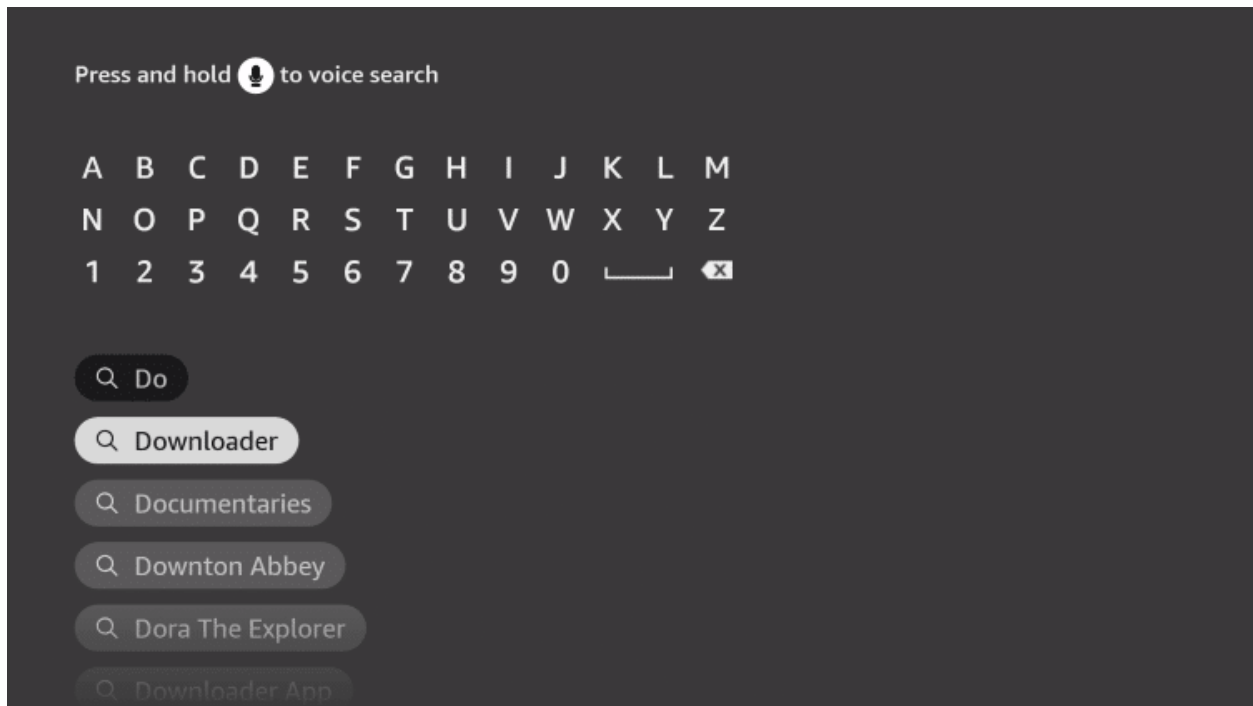

1. From the Home screen, navigate to the right to the Find option.

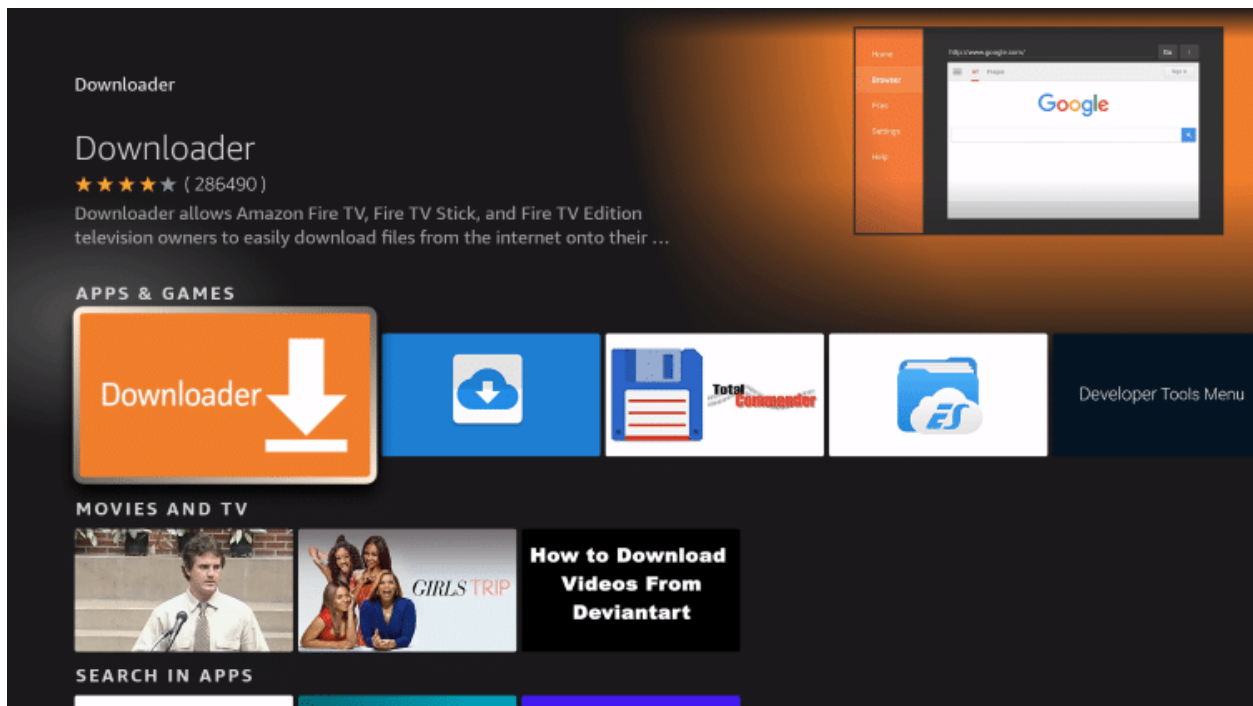

2. Click Search.

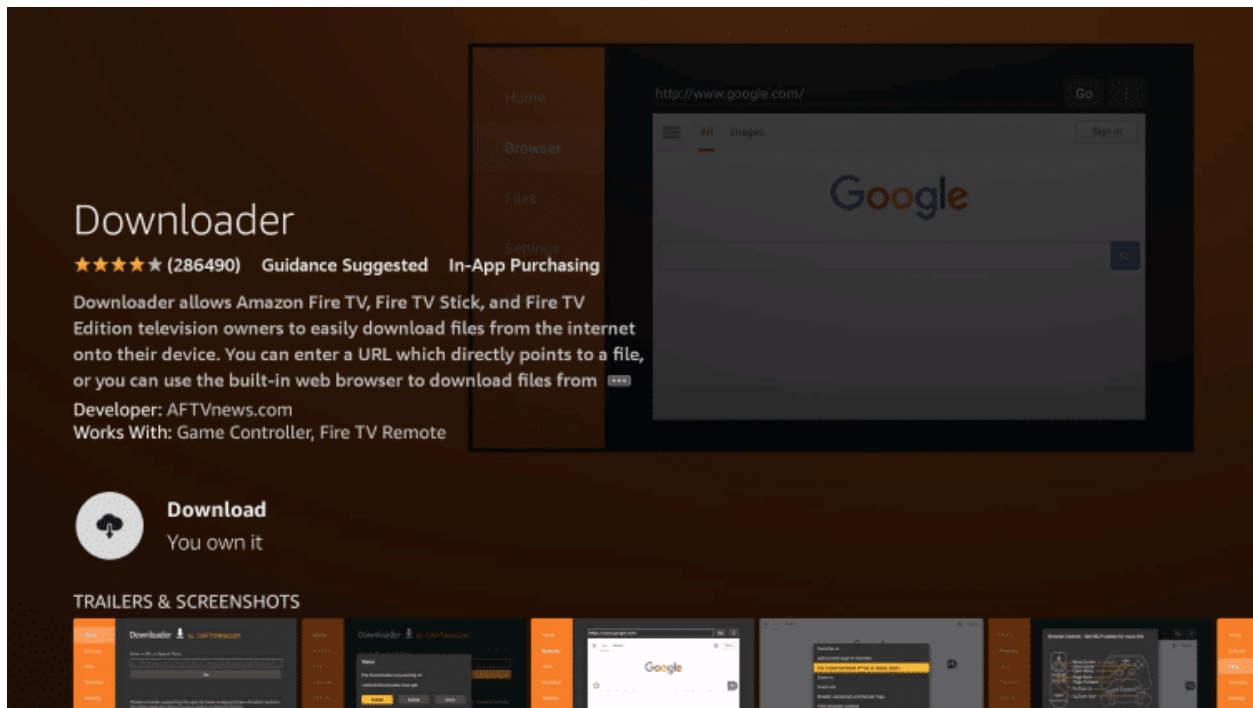

3. Search for and select Downloader.

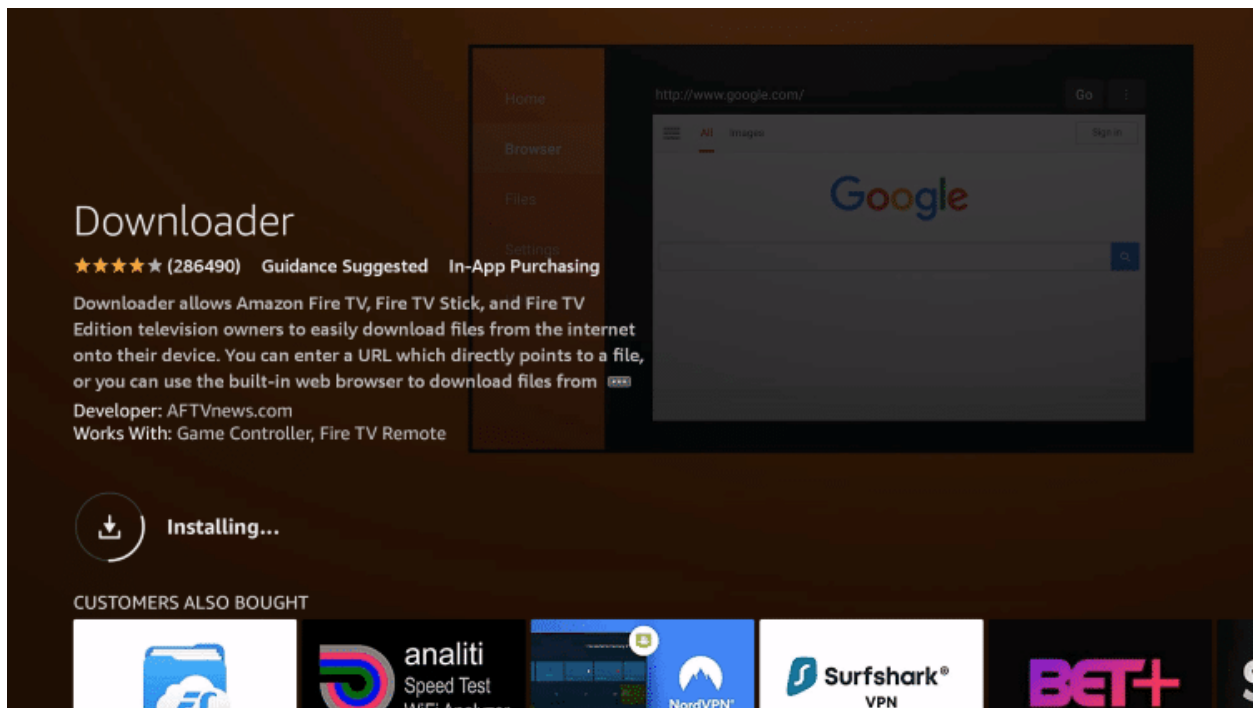

4. Choose the Downloader app.

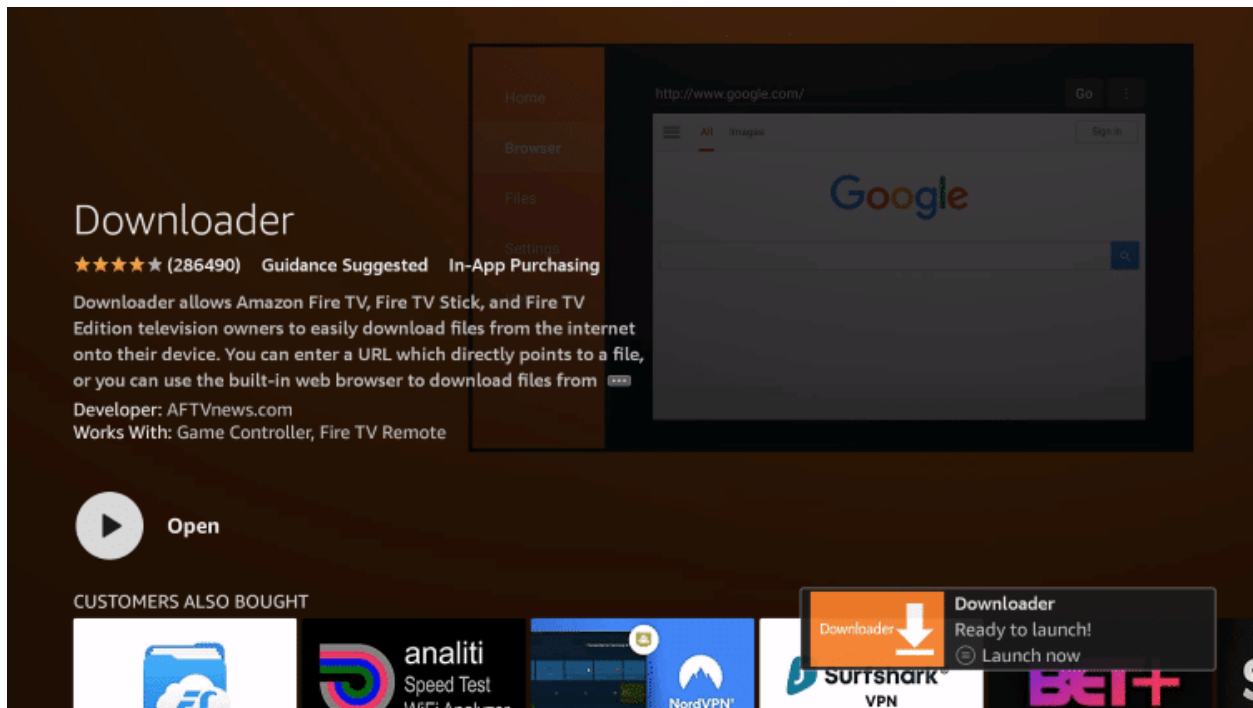

5. Click Download.

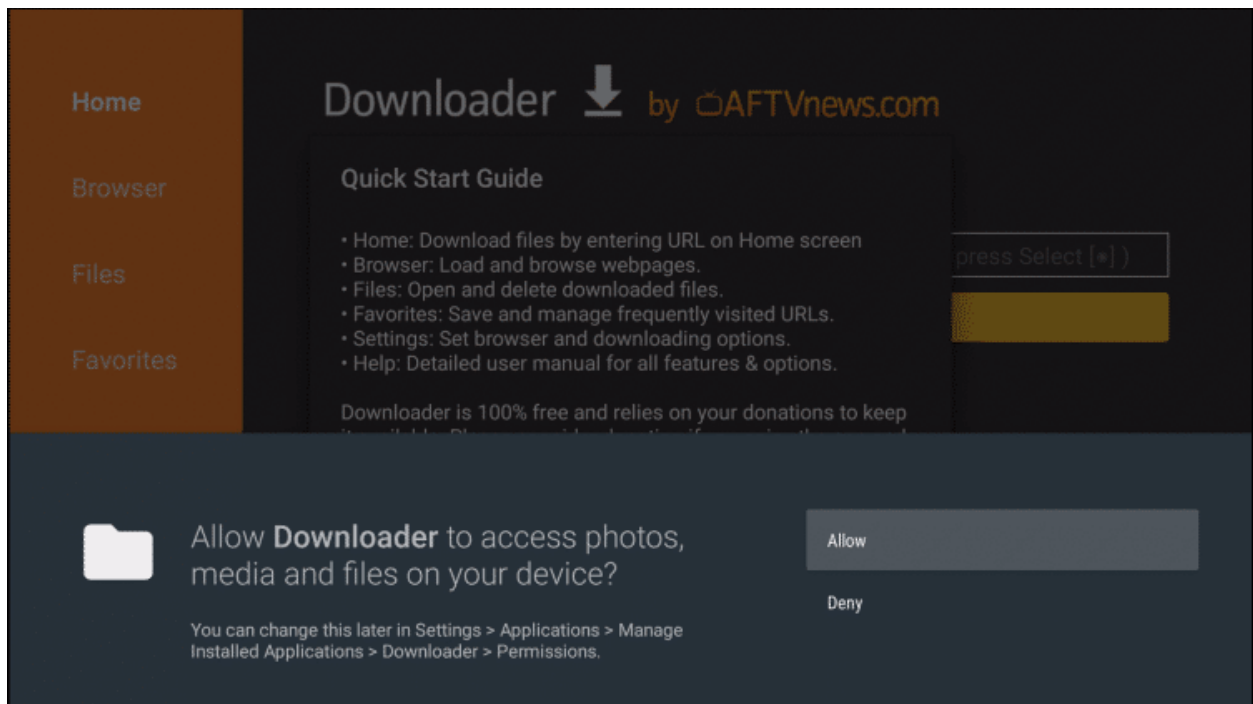

6. Wait for the app to install.

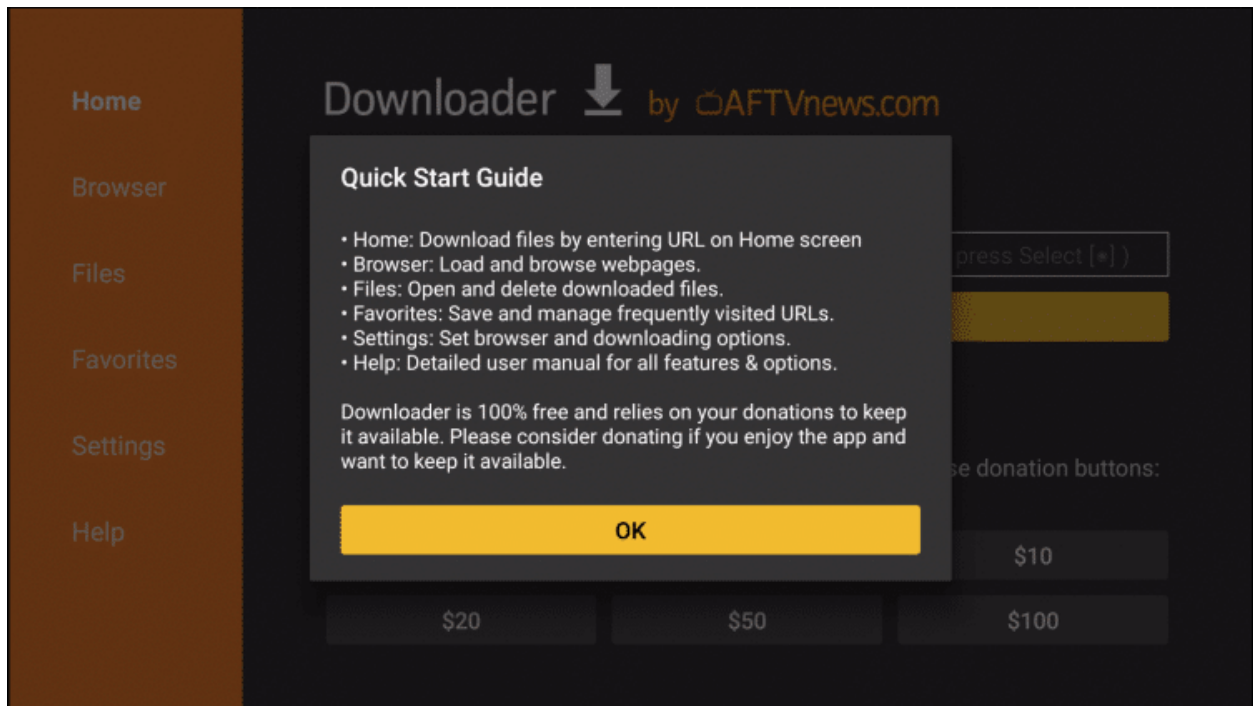

7. Once the app finishes installing click Open or Launch Now.

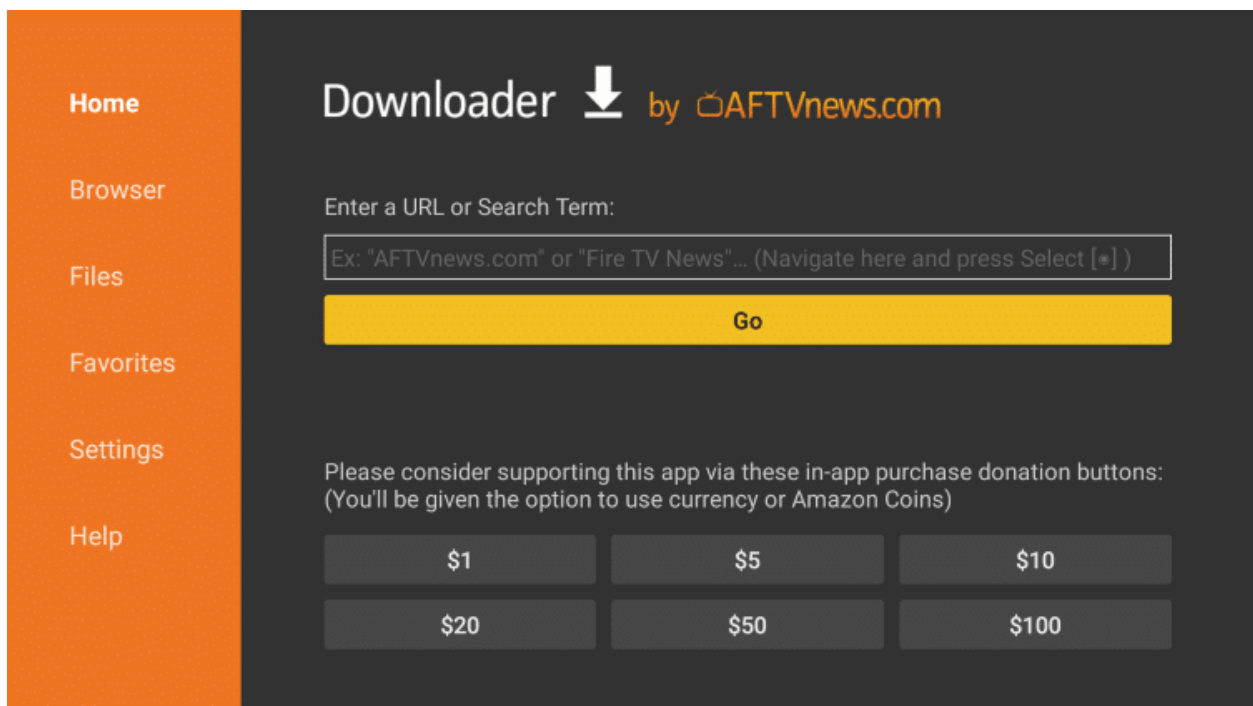

8. Click Allow.

9. Click OK.

10. You are now on the main screen of the Downloader app.

Step 3: Download, Install, and Launch the My OTV Application

1. Enter <https://bit.ly/myotvapp> in the search box and press Go. The app will begin to download. **Please note, you may receive an error notification indicating the Downloader app will not allow the installation of unknow apps. If you receive this message, just follow the instructions on the screen and return to this step.**

2. Once the application is downloaded, install the app.
3. Open the My OTV app and it will ask you to input your Activation Code.
4. To get your Activation Code, visit Cloud Hosting – Browse Products at: <https://smarthomehosting.com>. Select the Free Trial option and complete the checkout process. We will send the Activation Code to your email address upon confirmation.
5. Enter the Activation Code into the app to begin your Free Trial. Visit <https://smarthomehosting.com/index.php?rp=/knowledgebase/16/Firestick-Remote-Operating-Instructions-MY-OTV-App.html> to learn how to use the Fire Stick Remote with our application.
